The Difference Your Giving Makes....

Being a beneficiary of your generosity has transformed my journey at Oxford in ways I could never have imagined. For me, the scholarship has meant freedom – the freedom to pursue knowledge without the weight of financial worry and the freedom to focus on what truly inspires me. It has allowed me to live and experience our university to the fullest. I have been able to immerse myself in my legal studies, meet brilliant minds, and grow in ways that will shape my future.

Your contributions have opened doors to world-class education for all of us and created a space where ambition and curiosity are encouraged to thrive. Thanks to you and Exeter, we have built friendships from different parts of the world, shared meals, laughter and cultures, and deepened our appreciation for the community we live in.

Your support isn't just an investment in our education; it's a gift that empowers dreams and fuels the hopes of students who aspire to make a meaningful impact. Thank you for believing in us and for making such transformative journeys possible. We carry your support with immense gratitude and a resolve to make the most of every opportunity it has afforded us.

‘Your support isn’t just an investment in our education; it’s a gift that empowers dreams and fuels the hopes of students who aspire to make a meaningful impact.’

'2023/24 has been a record year for Access and Outreach, we have had more school visits and reached more young people and prospective applicants than ever before. This was in part made possible by the addition of the Schools Liaison Officer role to the team – funded by generous alumni gifts – enabling us to be even more ambitious in the work that we do.'

Get involved

Last year we were able to achieve many great things, thanks to the generosity of our community.

Here are some ways you can continue to support Exeter College:

Access and Outreach

We know that while potential is spread evenly throughout society, opportunity is not – and Exeter is committed to challenging that injustice by welcoming the brightest young people, regardless of their background, to college. Our Access and Outreach team is central to this. They spend every day encouraging young people to think about their future and inspiring those with the greatest academic potential to set their sights on Oxford.

Student Support

Everyone needs help sometimes. It might be a listening ear and a cuppa, or financial support when something goes wrong. Maybe a bursary so that a student can accept their offer to come to Exeter in the first place. Whatever it is, Exeter is committed to supporting every student in the way they need, from matriculation to graduation.

Graduate Scholarships

Exeter's graduate students are a diverse, vibrant group of future change-makers. Their research, commitment and passion shape the Exeter community throughout their studies, and after. Graduate scholarships, whether full or partial, open the door for many of these inspirational students to continue their studies. But the truth is that we need more graduate scholarships so that we can support every brilliant person who receives an offer, rather than just half of them.

You can help a bright young person to have the same experiences you enjoyed at Exeter by leaving a gift to the College in your will.

Whether your sports team became your Exeter family, a scholarship made it possible for you to come to college, you met your spouse at a bop, or worked out your future career in a tutorial – a gift in your will can give the next generation those same transformational opportunities.
